

1

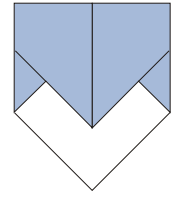

Use a square two colored origami paper of 7x7 cm (3 inches) size. Precrease diagonal lines, then fold two corners to the middle.

2

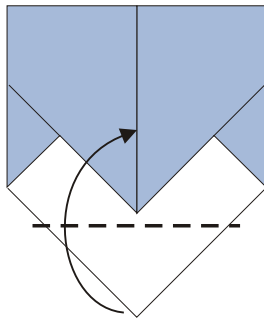

Then valley fold upper corner down as indicated.

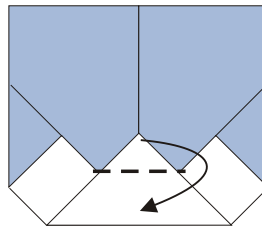

It should look like this now. The next diagram is enlarged for better view.

3

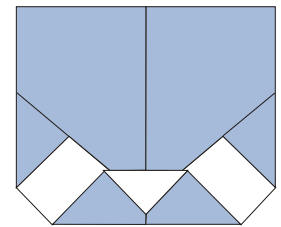

Then valley fold lower corner up.

4

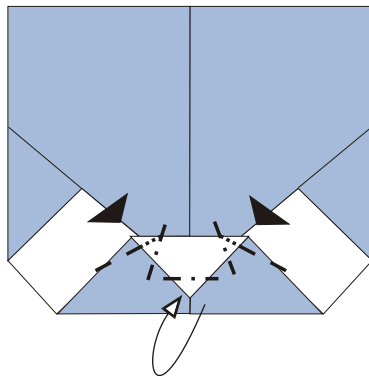

Then valley fold corner down again.

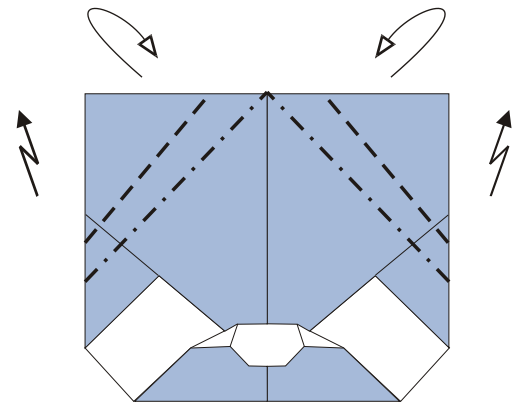

The next view is enlarged once more.

5

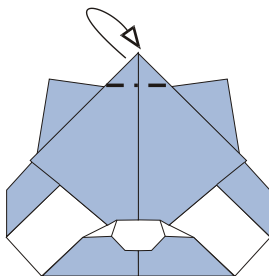

Push upper corners under the white triangle and mountain fold behind lower corner of white triangle.

6

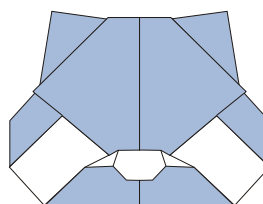

Mountain fold behind and valley fold to the front again to form the ears. Mountain and valley lines are not parallel.

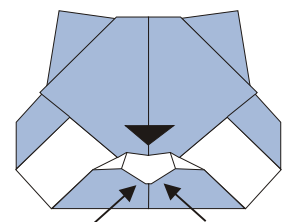

7

Then mountain fold behind top corner.

Complete.

Variation: pinch nose and narrow the bottom, to make it look like a heart.
